

# Utility H-frame Presses

The power of hydraulic pressure in a compact design

## features

- Fast, efficient single speed hand pump with adjustable mounting for maximum ergonomic operation.
- Large diameter, single acting polished piston with internal spring return to eliminate external pinch points.
- Convenient top mounted gauge reads in tons and psi to monitor pressure.
- The hydraulic pressing cylinder can be relocated right or left of center for unusual work pieces.
- Table can be adjusted for maximum or minimum vertical opening to accommodate a variety of work pieces and to minimize required ram travel.

## specifications

model	number	operation	capacity	weight
			press	
			tons	pounds
B-10	72200	manual	10	165
F-10	72210	manual	10	225
